FINAL PLAT APPLICATION PROCESS

FINAL PLAT APPLICATION PROCEDURES

The following information is provided to assist in the preparation and submittal of an application for a Final Plat for a subdivision within the Town of Florence.

1. **Pre-Application Review Process** – Prior to filing an application for a Final Plat, the applicant must complete the Pre-Application review meeting with the Community Development Department.
2. **Application Filing** – After a preliminary plat has been approved by the Planning and Zoning Commission, a final plat and improvement plans must be submitted to the Town. In order for an application to be accepted, the applicant must provide all of the required information described on the submittal checklist at the time of formal submittal. Applications received after 3:00 p.m. will be processed the next business day. Incomplete applications will not be accepted.
3. **Staff Review** – Upon receiving a complete application, the submitted information will be routed to Town staff for review and comment. After this review is completed, the comments are consolidated and returned to the applicant within thirty (30) working days of submission. The applicant is responsible for addressing staff comments and submitting revised plans.
4. **Staff Reports** – After the staff comments have been addressed and the project has been scheduled for the Town Council meeting, the Community Development Department will prepare an agenda report describing and evaluating the proposed plat and making recommendations to the Town Council. Final plat approval is essentially a technical matter, with the Council finding only that the final plat is substantially consistent with the approved preliminary plat, that improvements are installed or their installation is provided for, and that all technical requirements have been met.
5. **Town Council Meeting** – Regular Town Council meetings occur on the first and third Monday of each month at 6:00 p.m. and are held in the Council Chambers, 775 North Main Street. The applicant or project representative must be present at the meeting. The Town Council will approve, approve with modifications and/or conditions, or deny the application.
6. **Inactive Cases** – All applications need to be actively pursued to a decision. If no activity has occurred on an application for 180 days, the application will be determined to be inactive, deemed to be withdrawn and the file will be closed. Thirty (30) days prior to that date the staff will notify the applicant in writing. The applicant may submit a written request that the application remain active, with an explanation for the inactivity. The Community Development Director may grant an extension for up to 180 days for good cause if there is a reasonable belief that the application will be actively pursued during the extension period.

FINAL PLAT

CONTENT REQUIREMENTS

FINAL PLAT

- Vicinity Map;
- Key map on each page, if plat consists of more than two pages;
- Scale, north arrow, and dimensions;
- Scale must not be more than one hundred (100) feet equals one (1) inch or adjusted to produce an overall drawing of twenty-four (24) inch by thirty-six (36) inch. (Use more than one sheet, if necessary);
- Boundary closure report, gross and net acreage;
- General notes;
- Number each lot individually with the last lot number circled (Residential only);
- Illustrate the minimum lot width drawn parallel to the front property line at the minimum front setback for all irregular lots (Residential only);
- Table of lot sizes indicating size of all lot areas, total number of lots, total lot acre and corresponding zoning classification (Residential only);
- Table of tracts indicating use, tract area, and total tract area;
- Landscape areas owned and maintained by an association shown as landscape tract(s). If owned and maintained by an individual property owner, landscape areas do not need to be shown on the final plat;

- Cross access easement language;
- Designation of all land to be dedicated or reserved for public use, with the use indicated;
- Preliminary layout of the water system indicating fire hydrants, valves, meter vaults and water line sizes;
- Denote refuse collection system if other than individual lots;
- Date of preparation including dates of any subsequent revisions; and
- Registered Land Surveyor signature and seal.

DIGITAL FINAL PLAT SUBMITTALS

In order to maximize Town resources and to facilitate Pinal County requirements, the Town of Florence requires a digitized, electronic copy of all final plats.

Digitized copies must adhere to Computer Aided Drafting (CAD) standards acceptable to Civil Engineering Practices.

All files must be submitted in a PDF, .DWG and/or .DXF file format on a compact disk (CD) or a digital video disk (DVD) and must include the Real World Base-map File. Files may be submitted in a compressed format if they can be self-extracted.

These requirements will assist the development process for both the Town and the applicant, and will better serve the residents of the Town of Florence. Should you have any questions regarding Final Plat digital format requirements and information regarding benchmarks and the coordinate system, please contact the Town of Florence Engineering Department at (520) 868-7620.
